# **Teacher of Special Needs**

***Required for September 2010***

**TLR available for taking responsibility within the department**

The school is committed to inclusion for all and the pursuit of academic excellence, we are expanding our excellent provision for children with additional needs as part of our second year as a SEN specialist school, with Communication and Interaction.

We wish to appoint a highly motivated and committed teacher to join a successful and effective department. This is an ideal post for an experienced teacher of SEN wishing to take on responsibility for developing new areas of an expanding department or a teacher wishing to move into this area as the school has a strong system of professional development.

The candidate must reflect the school's commitment to meeting the needs of a very diverse school population through inclusive practice. They must be innovative, creative and enthusiastic about providing a wealth of exciting opportunities for pupils with additional needs. The role will include teaching small groups and supporting pupils across the curriculum as well as assessment, tracking and working closely with staff and parents.

A TLR is available for a suitably qualified or experienced candidate who will work alongside the SENCO to develop and deliver a personalised curriculum within our Learning Support Centres for pupils with MLD. Proven experience of successfully working with pupils on the Autism Spectrum or in KS5 would be beneficial but not necessary.

The school is committed to safeguarding and promoting the welfare of children and young people and expects all staff to share this commitment. All appointments are subject to an Enhanced Criminal Records Bureau clearance being received.

Candidates must complete an application form and submit this along with a covering letter including the details of two referees to the Headteacher, Mrs Elizabeth Phillips
